[Special to The Times Dispatch.] York, April 7.-Byron Chandler, whom New York, April I.—Byron Chandler, whom Broadway christened "The Millionaire Kid," is to-night at the Waldorf Astoria with two deputy sheriffs, whose duty it is to see that he does not evade the separation proceedings instituted by his wife, Grace Laftue, the actress. Chandler will file a 12,090 bond to-morrow to insure his presence in court.

Chandler is unconcerned. His only trouble was the presence of the deputies, who hindered his pleasure, he said. He couldn't understand why they dogged him. "I have no more intention of leaving New York than Huerta has of addicating," he declared. In her complaint Miss Laftue says she married Chandler in August, 1958, and toured

Captures Part of Town.

[Special to The Times-Dispatch.]

Juarez, April 7.—According to official advices received at General Carranza's headquarters, General Cabellero succeeded in capturing a portion of the city of Tampico at 11 o'clock this morning. At the time of sending the dispatch serious street fighting was in progress. General Cabellero in his report to General Pablo Gonzales, which was relayed to General Carranza, said that he hoped to be in possession of the city some time during the night.

The attack on Tampico followed the seventeen-hour battle of Monday, which resulted in the capture by the Constitutionalists of Dona Cecilia and Escamela Del Monte, two important outposts of the town, which command the approaches to the city from the harbor, which is seventeen miles distant from the city. Vigorous Protests Voiced.

Washington, April 7.—Vigorous protests against the failure to include New Orleans, Baltimore and Omaha in the list of Federal reserve bank cities were voiced in the House to-day. The debate started with a speech by Representative Dupre, of Louisiana, who, reading long resolutions adopted at a New Orleans mass-meeting, said he wanted to "drive into the minds of Congress" what the sentiment of that city was on the unfairness of leaving out New Orleans.
